

Wherever there is a need for shredding large quantities of expired/sensitive data, in strict compliance with data security practices, then it is more economical to do this at one "central" location. The extensive Intimus selection of large shredders perfectly combines the performance and security requirements, guaranteeing an investment with an excellent price/performance equation.

- iProtect** Ensures a maximum of operation safety
- E-max** Optimized interaction of the several drive parts
- LogiControl** Convenient and fully-automatical workflow
- EasyRun** Ensure highest user friendliness

- ✓ Reduces scrap volume by up to 70%
- ✓ Bag or strap bales, depending on your needs
- ✓ Bales are ejected with the push of a button
- ✓ Locking door on top of baler opens to add non-shredded scrap

### Technical data

Cutting size paper:	5/16"x2 inches
Amount of waste paper:	50+ users
Cutting capacity:	350-420 sheets
Weight net:	1,600 lbs
Baler press force:	8
Width:	47 1/4 inches
Depth:	76 3/4 inches
Height:	61 inches
Packing unit:	1
